Splash Page Website

<https://mikereyes102.github.io/splash-page/>

- Simple HTML and CSS site structured around a Figma Prototype
- JavaScript used to create background toggle switches

Kanban Website

<https://mikereyes102.github.io/drag-and-drop/>

- Kanban board designed using HTML and CSS
- JavaScript was used to create drag and drop functionality
- Local storage is used to save placement of items as well as adding and removing items

FURTHER WORK EXPERIENCE:

Service Desk Analyst

June 2024– Present

SAIC, Norfolk, VA

- Provided technical support to customers at SAIC in Norfolk, Virginia, resolving user account, networking, hardware, and software issues promptly.
- Collaborated with team members to troubleshoot and resolve technical issues efficiently, ensuring high customer satisfaction.
- Developed strong problem-solving skills and enhanced my technical knowledge in a fast-paced environment.

Sales Support Representative

March 2022 – June 2024

Republic Nation Distributing Co, Norfolk, VA

As a Sales Support Representative at Republic National Distributing Company, I effectively managed inventory, stocked shelves, created displays, and trained new hires to ensure customer satisfaction and drive sales.

- Executed monthly programming to enhance product visibility and drive sales.
- Ensured timely completion of orders to meet customer demands.

SELF STUDY:

- **Web Development Bootcamp, Udemy:** Completed a full stack web development bootcamp on Udemy with Professor Angela Yu. Skills covered: HTML, CSS, JavaScript, Bootstrap, Node.js, Express.js, SQL, Postgres, React.js, APIs.
